GOVERNMENT TO BUY SILVER FOR SUBSIDIARY COINAGE

For the First Time in Thirteen Years Uncle Sam Will Purchase White Metal.

(By Associated Press.)

WASHINGTON, D. C., Aug. 9.—For the first time in 13 years the government announced today its purpose to purchase silver for the coinage of subsidiary coins. Tenders are invited at the office of the director of the mint in this city on Wednesday, August 15.

These tenders are to be for delivery at the Philadelphia, New Orleans, or Denver mints settlement to be on the New York basis, of bullion guaranteed 999 fine.

The average output of the treasury throughout the year will probably not exceed 10,000 ounces a week. The stock in the treasury had become so low that it was apparent, according to the department, that the demands of a constantly enlarging trade could not be met without additional coinage.
